CAREER SUMMARY

• A results-driven Web Developer with hands-on experience in building responsive and scalable web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
• Skilled in developing dynamic, user-friendly interfaces with React and building robust backend APIs using Node.js and Express.
• Proficient in both NoSQL (MongoDB) and SQL databases, with solid experience in writing queries, designing schemas, and managing data workflows.
• Capable of creating responsive, accessible, and maintainable interfaces using HTML and CSS, ensuring optimal user experience across devices.
• Experienced in version control using Git, enabling efficient collaboration and streamlined deployment processes in team environments.
• Adept at translating business and client requirements into functional, performance-optimized web applications.
• Continuously learning and exploring new technologies to stay ahead in the evolving web development landscape.

Work

PERSONAL CARE ASSISTANT (PCA), *Bayswater Gardens Aged Care* 07/2024 – Present
Core Responsibilities: Sydney, Australia
 Provided compassionate personal care to elderly residents, including assistance with daily activities such as bathing, dressing, grooming, mobility, and feeding.
 Monitored residents' health and emotional well-being, reporting changes to nursing staff to ensure timely medical intervention.
 Supported residents with dementia and mobility issues, ensuring a safe and respectful environment tailored to individual care plans.
 Maintained accurate documentation of care activities and health observations, adhering to facility policies and regulatory standards.
 Assisted in organizing recreational and social activities to enhance residents' mental and emotional health.
 Communicated effectively with residents, families, and healthcare professionals to ensure continuity and quality of care.
 Demonstrated patience, empathy, and cultural sensitivity in a diverse care setting, contributing to a positive and inclusive atmosphere.

IT Assistant, *Gov of Nepal, Provincial Health Training Centre* 01/2021 – 07/2022
Core Responsibilities: Kathmandu, Nepal
 Issued training certificates and maintained digital records for government health trainees, ensuring accuracy and confidentiality.
 Managed and regularly updated the official website with new content, announcements, and reports, improving public communication and access to resources.
 Handled all social media platforms for the organization, creating and scheduling content to increase outreach and engagement.

Drafted and formatted official letters, notices, and reports on behalf of the center, supporting administrative efficiency.
Assembled and disassembled computer systems for staff, ensuring timely setup and maintenance of IT infrastructure.
Installed and uninstalled essential software and tools, providing technical support to staff for basic system troubleshooting.
Provided first-level IT support and system maintenance to ensure smooth daily operations within the department.
Coordinated with internal teams and vendors to resolve technical issues, contributing to the overall productivity of the office.
